Distinguished Award Criteria

Distinguished Alumni Award
The Distinguished Alumni Award is presented annually to a graduate of the School of Medicine who exemplifies the practice of medicine. Achievement is recognized through excellence in clinical practice, academic activities and research accomplishments.

The nominator will be requested to describe how their nominee contributes to any or all of the categories listed, plus any other pertinent information they feel is valuable to the nomination.

- Clinical Practice
- Academic Activities
- Research Accomplishments

Distinguished Service Award
The Distinguished Service Award recognizes individuals, both alumni and non-alumni, who have made outstanding contributions to the School of Medicine and/or the practice of medicine.
The nominator will be requested to describe how their nominee contributes to any or all of the categories listed, plus any other pertinent information they feel is valuable to the nomination.

- Service to the School of Medicine
- Contribution to the Field of Medicine
- Demonstrated Commitment to Enhancing Medical Education

**Distinguished Humanitarian Award**

The Distinguished Humanitarian Award recognizes individuals, both alumni and non-alumni, or organizations that have made outstanding contributions to the health of our local or global communities.

The nominator will be requested to describe how their nominee contributes to any of all of the categories listed, plus any other pertinent information they feel is valuable to the nomination.

- Outstanding Commitment to the Health of the Community
- Service to Underserved Populations or in Challenging Situations
- Community Service

**Nomination Check list**

- Cover Form with completed nominee information.
- CV of nominee and supporting documentation about nominee
- **Minimum** of 2 letters of support
- Contact information for candidate and nominating individuals.

**Return form to:**
