Implications of Primary Practice Styles for Quality, Patient Experience, Cost, and Physician Compensation

Wednesday, February 7th
12:00-1:00pm
HSEB 3515B

Harold S. Luft, PhD
Director of Palo Alto Medical Foundation Research Institute
Professor Emeritus, Phillip R. Lee Institute for Health Policy Studies, UCSF

Dr. Luft received degrees in economics from Harvard University and was a postdoctoral fellow there. He is an elected member of the National Academy of Medicine, formerly the Institute of Medicine. He served six years on the IOM Council, chaired the National Advisory Council of AHRQ’s predecessor, and served 10 years on the board of AcademyHealth. From 1997 to 2006 he was senior associate editor and then co-editor of Health Services Research. His research has covered a wide range, including HMOs, hospital competition, volume, quality and outcomes of hospital care, risk assessment and risk adjustment, health care reform, and the use of information and incentives to increase value in health care. He has authored or co-authored over 200 articles in scientific journals and five books, including Total Cure: The Antidote to the Health Care Crisis, Harvard University Press.
