

Physician Licensure in the State of Utah Instructions and Information

Eligibility:

You must have passed USMLE Steps 1, 2 (CK and CS), and step 3 (or the relevant licensing exams for osteopaths or podiatrists) before submitting the application.

You must have completed at least one year of United States ACGME-accredited residency training and be currently under contract for your second year of progressive residency training. Your license will be contingent upon completion of the second year of training. Failure to complete the second year of training will result in surrendering of your Utah license.

Application Steps: FCVS Application

If you are a graduate of a U.S. medical school, the domestic FCVS application is included

- If you are a graduate of a medical school OUTSIDE the U.S. contact the GME Office for the application used for International Medical Graduates.

Complete the correct Federation Credentials Verification Service (FCVS) application (MDs and DOs only, U.S. Medical School graduates).

To accompany your FCVS application, all applicants must have:

- A certified copy of your birth certificate
- A photocopy of your medical school diploma
- Photocopies of any internship, residency, or fellowship training completion certificates
- A passport photo
- **Your FCVS application will be notarized when you submit it to the GME office.**

If you are an International Medical Graduate, you must have:

- A certified copy of your birth certificate or an original valid passport
- A passport photo
- **Your FCVS application will be notarized when you submit it to the GME office.**

Utah Licensing Application:

If you are an MD, the correct Utah license application is included. If you are a DO please e-mail me at summer.oneal@hsc.utah.edu and I will send you the proper application.

If you are a DO or a Podiatrist, DO NOT USE THIS APPLICATION. Please contact the GME Office for the correct application

You must apply for both a Utah Medical License and a State Controlled Substance License (check both boxes on the application) unless you are training in a program that is specifically exempted from the Controlled Substance License requirement. Exempt programs are: Pathology (and Pathology fellowships), Anesthesiology, Radiology, Pediatric Critical Care, Neurogenetics, and Dental Education. If you are in an exempted program, you only need to apply for the Utah Medical portion of the license. If you still wish to obtain a Utah Controlled Substance License and a federal DEA Registration, you may, of course, do so at your own expense.

The Public Mailing Address:

The mailing address you list on your Utah application will be public information. If you do not want your personal address to be public record, please use your business address for this section. Be sure to indicate the name of your department as part of your business mailing address.

Utah Controlled Substance Exam:

If you apply for a Utah Controlled Substance License (you are required to do so unless you are in one of the exempted programs listed above), then you must complete the Utah Controlled Substance and General Law Examination included with the Utah application.

Federal DEA Registration:

In order to administer, possess, or prescribe a controlled substance in your practice in the state of Utah, you must hold a Utah Controlled Substance License, and a Federal DEA Registration. In order to obtain a Federal DEA Registration, you must first obtain your Utah Medical and Utah Controlled Substance Licenses.

NOTE: If you have a DEA Registration in another state, it is not valid in the state of Utah until the Utah licenses are issued and your Federal DEA Registration has been transferred to your Utah address.

Updating Addresses:

It is your responsibility to maintain a current address with both the Utah Division of Occupational and Professional Licensing and the Drug Enforcement Administration. If your address is not correct and current, you will not receive renewal notices or other important correspondence.

Birth Certificates and Marriage Licensing:

All birth certificates and marriage licenses must be certified copies only. FCVS will not accept anything other than a certified copy.

Passports:

If you need to submit your passport please note that FCVS will hold onto your passport for approximately 60 days and then will return it to the GME office for you to pick up.

8. **Designation of Contact Person for Access to Medical Records:** In accordance with Subsection 58-67-302(1)(j) of the Utah Code, you are required to designate a contact person and an alternate contact person who will help your patients obtain their medical records if you are not available to provide such access to them. You must identify a method (*i.e. letter, phone number*) for notifying patients of the identity and location of the contact person and alternate contact person. This requirement has been established in accordance with the Federal Health Insurance Portability and Accountability Act. If this information is not included on the application, your application will be considered incomplete and may be denied. Please note that once you are licensed, you must keep DOPL informed of any changes, and current information must be on file in order to renew the license. Failure to do so may result in disciplinary action.
9. **License Renewal:** All Utah physician and surgeon licenses expire January 31 of every even-numbered year. If you possess a controlled substance license, it will expire at the same time as your physician and surgeon license and will also need to be renewed.

Unlike many other states, Utah’s license renewal schedule **is not** based on the licensee’s date of initial licensure. Under Utah’s renewal system, all licenses in each profession expire as a group on the same day every two years. Therefore, the length of a licensee’s first renewal cycle depends on how far into the current renewal cycle initial licensure was obtained. Each renewal cycle thereafter is for a full two years.

Additionally, the fee paid with this application for licensure is an application-processing fee only. It does not include a renewal fee. Each licensee is responsible to renew licensure **PRIOR** to the expiration date shown on the current license. Approximately two months prior to the expiration date shown on the license, renewal information is disseminated to each licensee’s last address of record, as provided to DOPL.

NOTE: A cashed check does not constitute issuance of a new or renewed license. Fee processing is simply the first step in the evaluation process.

10. **Renewal Requirements / Continuing Education:** In order to renew your license you must complete at least 40 hours in Category 1 ACCME continuing education in each two-year license renewal cycle.
11. **Updating Address Information:** It is your responsibility to maintain a current address with DOPL. If your address is incorrect, you will not receive renewal notices or other correspondence. Address changes can be made online at www.dopl.utah.gov.
12. **Name Change:** If you have been licensed by DOPL under any other name, please submit documentation of your name change (*i.e. copy of a marriage license or divorce decree*).
13. **Ceremonial Certificate of Licensure:** After obtaining your license from DOPL, you can order a Ceremonial Certificate of Licensure, printed on parchment paper with original signatures and an embossed gold seal. Order forms can be obtained at www.dopl.utah.gov.
14. **Acceptable Forms of Payment:** Licensure fees can be paid by check or money order, made payable to "DOPL." Cash and debit/credit cards (*American Express, MasterCard, and Visa*) are also accepted in person at DOPL's main office – but not over the telephone.

DESIGNATION OF CONTACT PERSON FOR ACCESS TO MEDICAL RECORDS

In accordance with Subsection 58-67-302(1)(j) of the Utah Code and the federal HIPAA regulations, every physician licensed in Utah must designate a contact person and an alternate contact person for access to his/her patients’ medical records and provide such information to the Division of Occupational and Professional Licensing (DOPL). Each applicant is also required to establish a method of notifying patients of the identity and location of the contact persons (i.e. a phone number or address where patients can obtain their medical records).

If a hospital, clinic, or other medical facility is the owner of your patients’ medical records, the facility’s records department could be listed as the primary contact. You may list yourself as the primary contact, but you must also provide an alternate contact.

Please note that this statute became law in 2005 due to complaints from patients who could not gain access to their medical records. DOPL’s responsibility is only to collect each physician’s contact information and to provide it to patients upon request. If you have not provided accurate information to DOPL, you could be investigated for unprofessional conduct.

For residents/fellows of the University of Utah hospital programs contact information is as follows:

*Release of Information Desk
University of Utah Hospitals and Clinics

Phone: (801) 581-2401*

For all University Hospital clinics, inpatients, and University Hospital community clinics, records are obtained through the “Release of Information Desk” referred to above.

28. _____ Have you ever been incarcerated for any reason in any federal, state or county correctional facility or in any correctional facility in any other jurisdiction or on probation/parole in any jurisdiction?

If you answered “yes” to question 15 above, you must submit a complete narrative of the circumstances and you must submit a National Practitioner Database document outlining all professional liability claims made against your license and any settlements paid by or on your behalf.

If you answered “yes” to questions 24, 25, 26, 27, or 28 above, you must submit a complete narrative of the circumstances that occurred for EACH and EVERY conviction, plea in abeyance, and/or deferred sentence. You must also attach copies of all applicable police report(s), court record(s), and probation/parole officer report(s).

If you are unable to obtain any of the records required above, you must submit documentation on official letterhead from the police department and/or court indicating that the information is no longer available.

If you have formally expunged a criminal record as evidenced by a court order signed by a judge, you do not need to disclose that criminal history. Expungement orders must be sent to the Bureau of Criminal Identification and the FBI to enable the expungement to be completed and the criminal history eliminated from the records.

If you answered “yes” to any of the above questions, enclose with this application complete information with respect to all circumstances and the final result, if such has been reached.

A “yes” answer does not necessarily mean you will not be granted a license; however, DOPL may request additional documentation if the information submitted is insufficient.
