Milton A. Chua, M.D.

Dr. Chua has completed a Sleep Medicine fellowship and is a Sleep-credentialed physician that will primarily be working in conjunction with the Sleep Program at the University of Utah. Dr. Chua’s primary area of interest is the pathophysiology, evaluation and management of sleep disordered breathing and narcolepsy. Obstructive sleep apnea predisposes patients to poor neurocognitive performance and adverse medical outcomes including increased all-cause and cardiovascular mortality. In addition to more standard treatments such as continuous positive airway pressure (CPAP), new, effective measures are being introduced to help manage this disease. Dr. Chua hopes to increase awareness among providers regarding the prevalence and importance of sleep and its disorders, as well as assist in management. Dr. Chua offers consultative services and clinical assessment for sleep disordered breathing, narcolepsy, insomnia, parasomnias, diagnosis and management including polysomnography, multiple sleep latency testing, continuous positive airway pressure. Dr. Chua will see patients at the Farmington Clinic 801-213-3200 and the South Jordan Sleep Center 801-581-3067.

Scott Hollingshaus, M.D.

Dr. Hollingshaus is an internist who is completed his Sleep Medicine Fellowship at University of Utah. Dr. Hollingshaus was born in Pittsburgh, PA, but spent most of his childhood in Southern California. After completing an undergraduate degree in applied physics at Brigham Young University, he attended medical school at the Saint Louis University School of Medicine. In 2010 he returned to Utah for an Internal Medicine residency at the University of Utah. After residency he practiced general internal medicine at the Intermountain Healthcare Southridge Clinic in Riverton for two years before returning to training in the Intermountain Healthcare/University of Utah Affiliated Hospitals Sleep Medicine Fellowship Program. Dr. Hollingshaus lives in the Salt Lake Valley with his wife and two young children. Dr. Hollingshaus will see patients at the South Jordan Sleep Center. Please call 801-581-3067 to schedule an appointment.

Nancy McLaughlin, M.D.

Dr. Nancy McLaughlin was born in Boston, Massachusetts; she moved as a child to Salt Lake City (her father’s hometown) in 1965. She returned to Massachusetts for college in 1974, graduating in 1978 from Wellesley College in Biology. She worked in Boston for 3 years and then entered U of U Medical School in 1981, graduating in 1985 and entered Internal Medicine training at the University Medical Center. Since finishing that program in 1988 she has been in private practice with the Memorial Medical Center (now an IHC facility), later Medical Associates of Salt Lake, and most recently, with Iasis Healthcare; She has been married for 33 years to an electrical engineer and has 3 sons ages 20-27, all of whom are pursuing careers in engineering and physics. Dr. McLaughlin will be accepting new patients starting on June 13, 2016 at the Madsen Internal Medicine Clinic. Please call 801-581-7790 to schedule an appointment.
Sonny Win, MD
Division of General Internal Medicine
Start date: July 1, 2016

Sonny Win, MD, FACP is an Associate Professor in the Division of General Internal Medicine. Clinical interests include the complete care of hospitalized patients with a wide range of acute and chronic medical conditions. Clinical experience in both clinical and hospital setting spans over 20 yrs. He also has interest in both student and residency education.

Dr. Win received his medical degree from Texas A&M University Health Science Center in 1992. In 1995, he completed his medical training in internal medicine at the University of Kansas Medical Center in Kansas City, KS. He served as Assistant then Associate Professor of Internal Medicine at Texas A&M University HSC and Scott & White Clinic and Hospital in Temple, TX from 1995 to 2016. He served as a primary care physician in the clinic for 15 years then transitioned to full time hospitalist in 2010. He has extensive educational experience and training of medical resident and medical students, serving as Core Faculty in residency program and as Clerkship Director in Internal Medicine at Texas A&M University HSC and Scott & White Clinic and Hospital. He is board certified in internal medicine, a fellow in the American College of Physicians, and inducted member in Alpha Omega Alpha.

Josh Marr, MD
Division of General Internal Medicine
Start date: July 1, 2016

Josh Marr, MD, MPH, is a Clinical Instructor in the Division of General Internal Medicine. As an academic hospitalist, he enjoys taking care of hospitalized patients with a wide variety of acute and complex medical problems. His specific clinical interests include medical students and resident education, sepsis, and thromboembolic (clotting) disorders.

Dr. Marr received his MD from the University of Kansas and internal medicine training from the University of Utah. He is currently a member of the American College of Physicians.

Lorraine Szczesny, M.D.

Lorraine Szczesny M.D., is a board certified specialist in internal medicine. She has greater than 35 years of experience in the primary care of adults. She graduated magna cum laude from Yale University with distinction in her major in one of the first classes of women at Yale. After attending Dartmouth Medical School, she completed an internship at Baystate Medical Center and a residency at University of California, San Diego. She repaid a Public Health Service scholarship by serving as a commissioned officer in the Indian Health Service in Gallup, New Mexico, for 3 years. She then taught in the residency program at the University of Miami and the University of Utah before starting a private practice in Salt Lake City in 1991. She joined Physician Group of Utah in 2011. She will join the Division of General Internal Medicine in August, 2016. She is married to Todd Grey, M.D., who has been the Chief Medical Examiner for the State of Utah for many years, and they have 2 grown children. She loves tennis and dogs. Dr. Szczesny will be accepting new patients in August, 2016 in Internal Medicine Clinic #2 at the University Hospital. Please call 801-581-7818 to schedule an appointment.
