Deepening our understanding of function and disorders of the nervous system, and improving patient care through innovation and integration of basic, translational and clinical research efforts.

What is the Neuroscience Initiative?

**Disease Pillars**
- Mood & Behavior Disorders
- Neuroimmune & Demyelinating Disorders
- Acquired Neural Injury & Recovery
- Episodic Brain Dysfunction
- Aging & Neurodegeneration

**Foundation Elements**
- Clinical & Translational Science
- Imaging & Analysis
- Neural Connectivity
- Neural Engineering & Intervention
- Genetics

**Collaboration:**
- Seed grants
- Extramural funding for team science

**Building Excellence:**
- Strategic recruitment in partnership with departments
- Programmatic funding
- Development

**Community:**
- Symposia & seminars
- Workshops & events
- Interest groups
- Media

**Outreach:**
- Brain Awareness
- SfN Intermountain Chapter
