

Instructions for Courier Pick Up of self collected samples: WEEKLY SAMPLES

- 1 Study Staff will contact you to schedule a time for specimen pick up on your surveillance day. Please have the specimen ready to be picked up by the study staff from your home or workplace.
- 2 Keep the specimen inside the biohazard bag and give it directly to the study staff (courier) at your designated pick up time.
- 3 If you have any questions about shipping and/or need additional lab specimen supplies, please contact our study staff. Please contact us by email jenna.praggastis@utah.edu, sarang.yoon@hsc.utah.edu, or by text message.
