Advancing Our Mission During Transition

2016 Department Faculty Retreat
The 2016 Family and Preventive Medicine Retreat will focus on how to continue to progress as a department in advancing our mission to optimize quality of life through scholarship that advances health and wellbeing in homes, workplaces and communities. To do this we will assess our current state as a department, discuss our opportunities for increasing our capacity and impact, revisit how we define success as a department and determine how we can create a supportive environment.

Expanding Research, Innovation, Education and Implementation Programs
Department Goals

• Increase our graduate student enrollment across all programs by 100 (Education)

• Obtain 5 million dollars in direct expenses in grant funding of which 1.7 million is NIIH funding (Research)

• Improvement of health by 25% for the populations we serve- people we serve.
What About the Committees?
Research Committee Update

- Working Proposal Group Presentation
  - Review a 1-2 page written proposal in process (any stage)
- Consultation with other “Top 10” family medicine departments
- Providing assistance to pre and post VPCAT mentoring process
Health Studies Fund

- Seed awards in the department
- Next Generation Health Research Group
What about the upcoming transition?

- Refocus on how we define success as a department
- Develop a consistent message for new chair
- Complete the search process
