

Certificate in Global Health

OVERVIEW

The Division of Public Health in the Department of Family and Preventive Medicine is pleased to announce a new graduate certificate in global health.

The Global Health Certificate prepares students to:

- Partner with other health professionals worldwide to tackle emerging global health issues
- Deal with health issues at home that have their origin from other countries and ensure that our population is protected with good health
- Learn from other health professionals across the world

Application deadlines are:

- Fall - July 1
 - Spring - December 1
 - Summer - April 1
- ❖ Please note our deadlines are later than the University of Utah Admission office and you will be responsible for any late fees

ADMISSION REQUIREMENTS

The minimum academic requirements for admission are as follows:

- A bachelor's degree from a regionally-accredited college/university,
 - At least a 3.00 or higher undergraduate/graduate weighted mean GPA*
 - Please submit your unofficial transcripts by e-mail to hailey.mccormick@utah.edu
1. Complete an internal [certificate application](#)
 2. Registration options:
 - a. *Option 1:* Enroll in a graduate program. If you are a matriculated student in a graduate program you must receive permission from your home program to earn the certificate. Please submit the [agreement form](#) to Hailey McCormick after permission is granted.
 - b. *Option 2:* Enroll as seeking second bachelors. If you do not have a graduate program, you must apply through the [Office of Admissions](#) as seeking second bachelors, i. Intended Major – undecided

International Students:

- International students must have an H visa to be eligible for the certificate program if a graduate program is not indicated. F1 or J1 visas are only acceptable if the student is in a graduate program. Students who hold an F1 or J1 visa and do not have a graduate program are not eligible for the certificate programs.
