

**Call for Proposals Open for the 8th Annual Education Symposium**

Tuesday, September 14, 2021

**Call for Proposals**

The Academy of Health Science Educators seeks engaging presenters to lead interactive workshops, and present educational scholarship reports.

You are invited to submit proposals related to a broad range of topics in health sciences education appropriate to an interprofessional audience, including but not limited to submissions that focus on 1) engaging learners, 2) equity, diversity and inclusion, 3) evaluation and feedback strategies, and 4) grants and funding in healthsciences education.

**Workshops (75 minute session):** Task-oriented, interactive sessions allowing attendees to practice the concepts and skills presented; audience participation is an integral component. At least 45 minutes of the workshop will be interactive.

**ePosters - Education Scholarly Project Presentations (5 minute session):** Prepare an electronic poster on a scholarly project that you have completed or is in progress. Present a brief 5 minute report. These will be presented during the lunch session.

**Ted Talks:** Prepare a dynamic, engaging presentation of less than 12 minutes to describe your work in any of the broad range of topics in health sciences education listed above. If possible, discuss a new and exciting element of your work, or present a compelling new strategy. Challenge the audience, or make them think about things in new ways.

**Deadline**

All submissions must be received on or before **Monday, May 24, at 5:00 pm**

**Proposal Submissions**

To submit a proposal, complete the online form [here](#). All submissions must adhere to the format for each session type.

**Notification:**

Notification of acceptance will occur end of June 2021.

Please contact Sara Julian at 585-3439, [sara.rose@hsc.utah.edu](mailto:sara.rose@hsc.utah.edu) for questions.
