Heather Corn, MD
Division of Endocrinology
Start date: July 1, 2016

Dr. Corn is a Clinical Instructor in the Division of Endocrinology. She received her medical degree from Indiana University and did a residency at St. Vincent Hospital and Health System in Indianapolis, IN. Dr. Corn performed her fellowship in endocrinology and metabolism at the University of Utah.

Dr. Corn sees patients with diabetes and other endocrine diseases at the Utah Diabetes & Endocrinology Center in Research Park, the South Jordan Clinic and the Farmington Health Center.

Heather Howe, MD
Division of Pulmonary Medicine
Start date: July 15, 2016

Heather Howe is a Clinical Track Instructor in the Division of Pulmonary Medicine. Dr. Howe received her medical degree from the University of Colorado in 2008. She completed her internal medicine residency at the University of Utah and subsequently was a Chief Medical Resident. She received her fellowship training in pulmonary and critical care medicine at the University of Utah and carried out research on the use of the electronic medical record to improve quality of care for patients with sleep apnea.

Dr. Howe is board certified in both pulmonary disease and critical care medicine. She provides outpatient care at the University Hospital and Farmington, with a special focus on asthma. In addition, she will have responsibilities within the intensive care units at the University Hospital and Huntsman Cancer Institute.
New Faculty Announcement

Man Li, PhD
Division of Nephrology & Hypertension
Start date: July 1, 2016

Dr. Man Li is an Assistant Professor in the Division of Nephrology and Hypertension. She has a PhD in Epidemiology from Johns Hopkins University, and a Masters of Science in Statistics from the University of Idaho. She furthered her training as a post-doctoral fellow at Johns Hopkins University and University of Utah. Her primary research interest is kidney and cardiovascular genetic epidemiology. Her research involves identifying novel genomic variants for kidney function and related outcomes, disease-gene associations for end stage renal disease in African Americans, developing epidemiologic and statistical methods for genomic data, improving clinical decision based on individual’s genetic and lifestyle profiles.

Yu Lin, MD
Division of Endocrinology
Start date: July 1, 2016

Dr. Yu Kuei Lin received his medical degree from Poznan University of Medical Sciences in Poland. Subsequently, he moved to the United States and completed his internal medicine residency training at Beth Israel Medical Center, New York, and endocrinology fellowship training at the Cleveland Clinic, Ohio.

Dr. Lin is a Clinical Track Assistant Professor in the Division of Endocrinology and is a member of American Association of Clinical Endocrinologists, American Diabetes Association and Endocrine Society. His clinical and academic interests include diabetes, metabolic syndrome, lipid disorders and islet physiology/transplantation. Dr. Lin sees patients in the Utah Diabetes & Endocrinology Center in Research Park and the Farmington Health Center.

Josh Marr, MD
Division of General Internal Medicine
Start date: July 1, 2016

Josh Marr, MD, MPH, is a Clinical Instructor in the Division of General Internal Medicine. As an academic hospitalist, he enjoys taking care of hospitalized patients with a wide variety of acute and complex medical problems. His specific clinical interests include medical students and resident education, sepsis, and thromboembolic (clotting) disorders.

Dr. Marr received his MD from the University of Kansas and internal medicine training from the University of Utah. He is currently a member of the American College of Physicians.
New Faculty Announcement

Benjamin L. Maughan MD, PharmD
Division of Oncology
Start date: August 1, 2016

Benjamin Maughan MD, PharmD is an Instructor in the Division of Oncology at Huntsman Cancer Institute specializing in genitourinary malignancies. Dr. Maughan completed his PharmD, cum laude, from Idaho State University in 2004, then completed an oncology pharmacy residency at Mountain States Tumor Institute in 2005. Dr. Maughan earned his MD, cum laude, from the University of Kentucky, College of Medicine in 2010. He finished his internal medicine residency training with the University of Utah in 2013 and subsequently completed his medical oncology fellowship at Johns Hopkins in 2016.

Dr. Maughan has clinical and research interests in all genitourinary oncology. He recently has been focused on metastatic prostate cancer specifically studying the role of resistance pathways including expression of truncated androgen receptors (ex. AR-V7 expression) and loss of tumor suppressors such as PTEN and Rb. Additionally, he has focused on studying the relative efficacy of different treatments in prostate cancer to identify optimal treatment sequences for this disease.

Benjamin A. Steinberg, MD, MHS
Division of Cardiovascular Medicine
Start date: August 1, 2016

Dr. Benjamin Steinberg is an Assistant Professor of Medicine in the Division of Cardiovascular Medicine. Dr. Steinberg earned his medical degree at Johns Hopkins. Through a Sarnoff medical student fellowship he worked at the TIMI Study Group, before doing internal medicine residency on the Osler Medical Service at Johns Hopkins Hospital. He completed fellowships in cardiovascular disease and clinical cardiac electrophysiology at Duke University, as well as clinical research training at the Duke Clinical Research Institute.

Dr. Steinberg's clinical interests range across electrophysiology including device-based therapies, lead management, as well as medical and ablation treatments for atrial and ventricular arrhythmias. His research interests are primarily focused on answering clinical questions through outcomes-based analyses of large, observational datasets, and he looks forward to collaborating with groups across campus on a range of clinical research endeavors. Dr. Steinberg sees patients at the Cardiovascular Center at the University Hospital and the Farmington Health Center.
New Faculty Announcement

**Tahir Zaman, MD**  
Division of Nephrology & Hypertension  
Start date: July 15, 2016

Dr. Zaman received his Bachelor of Science from Washington State University in 2006 and then his MD from the University of Washington School of Medicine in 2010. He received residency training in internal medicine at the University of Utah School of Medicine, which he completed in 2013 and was selected as Chief Medical Resident for 2013-14. He then went on to complete his nephrology fellowship from the University of Utah School of Medicine in 2016 after which he joined the faculty in the Division of Nephrology as a Clinical Instructor. During his training he participated in research including investigating hypertension, chronic kidney disease and sedentary behavior.

Dr. Zaman is involved with various studies within the University of Utah Division of Nephrology, supporting the recruitment of patients at his clinics throughout the Salt Lake Valley. He holds Nephrology clinics at South Jordan Health Center, Stansbury Health Center and at Wasatch Kidney Specialists.

---

**Sonny Win, MD**  
Division of General Internal Medicine  
Start date: July 1, 2016

Sonny Win, MD, FACP is an Associate Professor in the Division of General Internal Medicine. Clinical interests include the complete care of hospitalized patients with a wide range of acute and chronic medical conditions. Clinical experience in both clinical and hospital setting spans over 20 yrs. He also has interest in both student and residency education.

Dr. Win received his medical degree from Texas A&M University Health Science Center in 1992. In 1995, he completed his medical training in internal medicine at the University of Kansas Medical Center in Kansas City, KS. He served as Assistant then Associate Professor of Internal Medicine at Texas A&M University HSC and Scott & White Clinic and Hospital in Temple, TX from 1995 to 2016. He served as a primary care physician in the clinic for 15 years then transitioned to full time hospitalist in 2010. He has extensive educational experience and training of medical resident and medical students, serving as Core Faculty in residency program and as Clerkship Director in Internal Medicine at Texas A&M University HSC and Scott & White Clinic and Hospital. He is board certified in internal medicine, a fellow in the American College of Physicians, and inducted member in Alpha Omega Alpha.
