Dear valued Sponsor,

The Organizing Committee of the 2019 Advances in Pediatric Retina Course (APR19) is delighted to invite you to exhibit at APR19, the pre-eminent international clinical and scientific conference for pediatric retina conditions research.

APR19 will take place from June 13-15, 2019, and will be hosted by the University of Utah and organized by the APR19 Directors led by Mary Elizabeth Hartnett MD, Director of Pediatric Retina at the John A. Moran Eye Center at the University of Utah. The University of Utah campus is a short drive from the international airport of Salt Lake City, Utah, U.S.

APR19 is a unique opportunity for your organization to connect with up to 175 Pediatric and retina specialists, retina specialists and pediatric ophthalmologists from across the USA and internationally, 19 CME credits will be provided.

The Organizing Committee of APR19 is committed to providing an engaging, informative and energizing platform of presenters, speakers and wet labs for all of our participants. The objective of this course is to educate the retina and pediatric community regarding advances in management options for a range of common and challenging pediatric retinal diseases through case presentations and discussions by interactive panels of pediatric surgeons and pediatric ophthalmologists. At the end of the course, attendees will have better understanding of current management options for pediatric retinal diseases.

Within this format, we aim to establish a meeting design that encourages networking, and maximizes the business prospects, for our valued sponsors through interactive exhibitions, and an entertaining program of social events. Your company will be positioned as an important partner, recognized for encouraging education and collaboration among health care professionals. Please view our Exhibitor Prospectus, attached, to determine the level of participation that will best meet your needs.

We look forward to your participation in this premier scientific course, and to welcoming you at APR19 in Salt Lake City, Utah.

Sincerely,

Mary Elizabeth Hartnett MD.
On behalf of APR19 Organizing Committee
The Advances in Pediatric Retina (APR) Course is designed to showcase cutting edge pediatric vitreoretinal (VR) surgical techniques, therapeutic pharmacologic treatment strategies for the pediatric VR surgeon, and utilization of advances ophthalmic imaging to improve pediatric patient outcomes. A variety of information will be presented to stimulate the exchange of ideas. Audience participation will be encouraged, and extensive discussion periods will be provided. Over 100 attendees are anticipated to come to Salt Lake City from across the United States and internationally.

Course Description

This course will focus on the advances in diagnosis and surgical management of a wide spectrum of pediatric retinal diseases. It will feature interactive panel discussions, with debate about different surgical approaches to these pathologies and management of complications. Common and challenging cases will be presented with preoperative diagnostic imaging and intraoperative videos.

Highlights of the Course

- Expert course faculty in pediatric vitreoretinal diseases
- Integrated surgical, imaging and gene therapy wet-labs into the course schedule
- Hands-on use of new instrumentation
- Clinical talks with Science Keynote Speakers
- Small group discussion of advances surgical techniques
- Demonstrations of novel imaging and surgical devices
- A series of surgical case and complication panel discussions highlighting the good and bad of modern pediatric VR surgery
- “Real World” Pediatric Retina: everyday dilemmas in clinical practice
Benefits of Exhibiting

After a successful inaugural course at Duke Eye Center in 2017 we are excited to announce that the APR Course will take place at the University of Utah.

Your company will be positioned as an important partner, recognized for encouraging education and collaboration among health care professionals. Furthermore, there will be a special opportunity to be involved in the integrated surgical diagnostics wet-lab. This will allow all the course participants to use the latest in your surgical and imaging instrumentation in a practical, hand-on approach. The course faculty will be involved with instructing the course participants.

We offer you the opportunity to showcase your products and/or services to the course attendees. Your contribution as an exhibitor will be acknowledged in the conference materials and throughout the course itself.

This activity is for scientific and education purposes only, and its content will not promote any specific proprietary business interest of the vendor/exhibitor. Product-promotion material or product-specific advertisement of any type is prohibited in the lecture and wet lab rooms during these CME activities. Exhibitors will contain all sales and promotional activities, including promotional materials, within the designated exhibit areas. Promotional materials cannot be displayed or distributed in the lecture and lab rooms immediately before, during or after these CME activities.

Exhibitor Cancellation Policy
Any exhibitor releasing assigned space 120 days prior to the exhibition date will be refunded less a $500 administration fee. For cancellations within 90 days of the program, 25% of exhibit costs will be refunded. There will be no exhibit fee refunds within 60 days of the program.
EXHIBITOR FEES

PLATINUM Exhibitor - $20,000
- Level I placement on exhibit area, 12x12 area
- Participation in surgical wet-lab
- Four passes to join the course dinner on Friday, June 14th, 2019
- Access to course meals and refreshments
- Coffee Break Sponsorship with company recognition on signage
- A brief description of your product/device in the conference materials (if applicable)
- Complimentary exhibit badges for 8 company employees

GOLD Exhibitor - $15,000
- Level II placement on exhibit area, 10x10 area
- Participation in surgical wet-lab
- Three passes to join the course dinner on Friday, June 14th, 2019
- Access to course meals and refreshments
- A brief description of your product/device in the conference materials (if applicable)
- Complimentary exhibit badges for 6 company employees

SILVER Exhibitor - $10,000
- Level III placement on exhibit area, 8x8 area
- Participation in surgical wet-lab
- Two passes to join the course dinner on Friday, June 14th, 2019
- Access to course meals and refreshments
- A brief description of your product/device in the conference materials (if applicable)
- Complimentary exhibit badges for 4 company employees

BRONZE Exhibitor - $5,000
- One table-top exhibit space
- Access to course meals and refreshments
- Complimentary exhibit badges for 2 company employees

*All exhibitors have access to electricity, upon request, and wireless internet.
