

Chronic Myeloid Leukemia **CONNECTION** VIRTUAL EDUCATION EVENT

Chronic Myeloid Leukemia (CML): Success Story of Targeted Therapy

Speakers

MICHAEL DEININGER, MD, PHD
Professor and Chief, Division of Hematology and Hematologic Malignancies, University of Utah

AMI PATEL, MD
Assistant Professor, Division of Hematology and Hematologic Malignancies, University of Utah

SRINIVAS TANTRAVAHU, MBBS
Assistant Professor, Division of Hematology and Hematologic Malignancies, University of Utah

SATURDAY, OCTOBER 17 | 9 A.M.–NOON MST

Please join us for a free, virtual event for patients and their families. Participants will learn about current updates in therapies for chronic myeloid leukemia (CML) and available treatment options, including the role of immunotherapies.

Attendees will also learn about free support programs offered by both Huntsman Cancer Institute and The Leukemia & Lymphoma Society.

Q&A sessions will take place after each speaker's presentation. We encourage patients, caregivers, and family members to join.

- Pre-registration for this free event is required. CML patients and their caregivers are welcome.
- Each person participating should register separately.
- Log-in and call-in information will be provided after registration.
