

Laboratory Acceptance

Department of Neurobiology and Anatomy
(Required only for Direct Admits and MD/PhD students)

Student: _____ UNID: _____

U of U GPA: _____ U of U graduate courses and grades: _____

Laboratory rotations:

Fall: _____

Spring: _____

This form is to certify that the above named student has been accepted into my laboratory as a graduate student. I am aware of any deficiencies indicated below:

- Because the above named student has a Master's degree, the student is only eligible for the Tuition Benefit Program for 4 years. As mentor, my laboratory will be required to pay tuition for any student who requires more than 4 years to complete their Ph.D.
- Because the above named student's GPA is below a 3.0, he/she is not eligible for the Tuition Benefit Program through the Graduate School. My laboratory will be required to pay the tuition for the student for the next fall semester unless the GPA can be raised to 3.0 through summer coursework.
- Because the above named student failed one of the courses required by his/her supervisory committee, he/she will have one more chance to take the course and petition to have it replace the previous grade. If he/she fails the course the second time, the student will be dismissed.
- Because the student has not received clearance from the International Training Assistants Workshop he/she will be required to take addition English training to be allowed to TA.
- This student has been accused/sanctioned of Academic Misconduct. Please see the student's file for details.
